The Source for Women of Houston

The Source for Women's first priority is to be Christ to women who are hurting and feel abandoned during an unplanned pregnancy. The Source for Women believes that all human life is created by God and our concern with abortion becomes two-fold: concern for the well-being of both the mother and the child. With the understanding that each woman must choose an outcome for her unborn child, we provide free, professional and compassionate services in an attempt to remove any obstacles, real or imagined, that would make her believe that abortion is her only choice.
