**Trudy Fuhrman**, Update on my brother. Jimmy was discharged on 1/8/26; they sent him home with 2 new antibiotics and a few other new medicines. There was nothing more they could do for him there at the hospital, so now he must follow up with the vascular surgeon in a few days and the wound care, then they'll all discuss and formulate a plan of action for amputation. The wound care doctor did say they'll try to improve the vasculature in the leg, but that he needs to mentally prepare himself for possible amputation to above the knee. He did receive 3 units of blood, and iron, as well as a bunch of IV antibiotics, so he's feeling a lot better right now, although he still has gangrene of the toes of course. But he's very happy to be home. 1/11/2026

**Paulo Tosetto** Praise the Lord; the second surgery was as smooth and fast as it could be. The pathology report shows no malign cells were found this time. Preventive chemo starts in January. God is good and responsive to his people's prayers. 12/24/25

**Jim Adkins**, prayers for his family after the loss of his brother Michael. Michael's battle with cancer is over as he has complete healing in heaven now. 1/4/2026

**Carol Royce**, Prayers for Carol Royce's Mom Betty is having surgery on 12/31/25. Unfortunately, cancer has been detected in her breast again. Please pray for a complete and successful surgery in removing all cancer cells that are not welcome and no effects from anesthesia.

Prayers for Carol Royce's brother-in-law Bill. Bill has advanced osteoporosis and prostate cancer. Prayers for his wife Marion as his caretaker and to ease Bills' pain throughout his body as he continues to fight the good fight. 1/4/2026
